## FAMINE THREATENS PARTS OF RUSSIA

A Great Deal of Suffering is  
Likely to Result.

Russian Papers Criticize Secretary  
Taft's Trip—Arrangements for  
Receiving Peace Envoys.

THEY WILL MEET AUGUST 5.

Documents Seized by Officials.  
Moscow, July 28.—The police vis-  
ited the house of M. Golovin, presi-  
dent of the permanent bureau of  
Zemstvo organization for the Mos-  
cow district, presided at the recent  
all-Russian Zemstvo congress, and  
also the house of M. Dalmier, the sec-  
retary of the bureau. They seized  
all documents relating to the pro-  
ceedings of the congress.

Sore in U's SHOULDER.  
St. Petersburg, July 28.—The  
"Vedomosti" directs a sharp criti-  
cism of the visit of Secretary Taft  
and Miss Roosevelt to Japan and  
complains that the moment for the  
trip was tactlessly chosen. The pa-  
per adds that efforts to prove that  
the visit is devoid of political mean-  
ing are "childlike."

Famine Adds to Russia's Trials.  
London, July 28.—The correspond-  
ent of the Exchange Telegraph Co., at  
St. Petersburg, wires that serious  
famine is spreading in the district  
immediately outside of St. Peters-  
burg. Measures will be taken by the  
authorities to prevent the people liv-  
ing in this district from entering the  
city.

Persecution of Jews Increases.  
Vienna, July 28.—Prominent Jews  
here are advised that the persecution  
of Jews in western Russia is spread-  
ing and that few barriers are being  
encouraged by the authorities. It is  
reported that thirty Jews were shot  
at Vilna, while army reserves lynched  
thirteen at Tzentshan.

New Governor General.  
Moscow, July 28.—As a result of  
the Zemstvo congress held here,  
then, Kossloff was relieved as govern-  
or general of Moscow. M. Durnovo,  
former president of the municipality  
of St. Petersburg is his successor,  
and the new governor is very popular  
with the people. He is a believer in  
the extension of self-government in  
Russia.

NO ONE KNOWS  
Where President Roosevelt and His  
Family Are Spending the Day.

Oyster Bay, July 28.—President  
Roosevelt and his entire family are  
enjoying a picnic today at some  
point on the beach of the sound and  
not even the secret service men are  
included in party. It is said no one  
knows where the president is.

## United States Gas, Coal and Coke Co. Said to Have Bought Wheatcroft Mines

Dixon, Ky., July 28.—It is believed  
the United States Gas, Coal and Coke  
Co., of New York, with extensive  
properties in Paducah and other  
points in southwest Kentucky, more  
continuously known as the trust and  
a concern in which J. Pierpont Morgan  
is one of the largest holders, is about  
to absorb the mining interests of I.  
H. Wheatcroft, the mine magnate at  
Wheatcroft, Webster county.

Mr. Wheatcroft denies that he has  
sold his interests at the little town  
which bears his name or has even  
given an option on the property, but  
nevertheless a well-founded rumor  
is floating about that a deal is on be-  
tween the trust and Wheatcroft,  
whereby he will turn over the control  
of his valuable holdings to the New  
York concern.

The United States company has re-  
cently bought up thousands of dol-  
lars worth of coal mining property in  
Union county and has purchased the  
mineral rights in thousands of acres  
of land in Union and Webster coun-  
ties. It is believed that the deal to  
take over the Wheatcroft property is  
but the part of the scheme of the con-

## CHIEF QUILTS.

Another Man in Agricultural De-  
partment Resigns.

Washington, D. C., July 28.—The  
resignation of George T. Moore, chief  
physiologist of the department of  
agriculture was tendered to-day  
and immediately accepted by  
Secretary Wilson. It was charged  
that Moore exploited "Nitroculture"  
soil fertilizer for his individual profit.

At a hearing yesterday at the de-  
partment of agriculture at which  
Secretary Wilson, Assistant Secre-  
tary Hays, Prof. H. T. Galloway, chief  
of the bureau of plant industry, Geo.  
T. Moore of that bureau and two  
representatives of an agricultural  
paper were present, the two last  
named made charges that the wife  
of one of the scientists in the bu-  
reau of plant industry owned a block  
of stock in an eastern concern man-  
ufacturing "culture" for soil inocu-  
lation, while the scientist was pre-  
paring and revising bulletins re-  
garding the enrichment of farms and  
portraying the culture as containing  
virulent forms of bacteria for mak-  
ing poor land rich. It was alleged  
that publications revised by the of-  
ficial tended to direct the farmers to  
a commercial concern supplying the  
material because of the expansion  
of the supply by the department.

## MAP FINISHED.

And the City Will Now Ask for Bids  
for Putting Up Street Names.

Mr. Robert Richardson, draughts-  
man in the office of City Engineer L.  
A. Washington, today finished the  
map of Paducah for the purpose of  
advertising for bids for putting up  
street names and numbers, but the  
contract will not be advertised for  
a day or two on account of a delay  
in locating the corner houses and  
posts.

The map shows every corner  
where streets are to be named or  
numbered and the contractors know  
exactly how many signs to go up  
and the wording on each. Mr. Rich-  
ardson will this afternoon or to-  
morrow make a tour of the dis-  
trict where the lettering is to be  
put up, and will complete his loca-  
tions. This work was done by an-  
other man who failed to make a full  
report and Mr. Richardson had to  
do the work over.

## FIREMAN LONG

Was Painfully Hurt by a Fall On  
His Engine.

R. H. Long, a fireman on a switch  
engine in the local I. C. yards, was  
injured last night while coaling the  
engine.

The engine was taken to the coal  
chute and Long went back to over-  
see the coaling. He accidentally  
stepped into a manhole in the en-  
gine, a hole where the water is pour-  
ed into the tank, and his right hip  
was badly bruised.

He was taken to the I. C. hospital  
where medical attention was given  
him. His hip was not broken as re-  
ported, but the injury is severe and  
will lay the young man up for  
some time.

## MARCH TO SCAFFOLD WAS INTERRUPTED

Bluebeard Hob Was Ready to  
Be Hanged.

When Friends Came to the Rescue  
With Money for an Appeal and  
Execution Was Deferred.

HIS BRAVADO IS REMARKABLE.

Chicago, Ill., July 28.—Johann  
Hoch, the convicted wife murderer,  
and multi-bigamist, will probably,  
after all, get a new lease of life.  
While the death procession was form-  
ing, Dr. Montgomery, a well-known  
physician, and Mrs. Mary Wilson, a  
woman of wealth, called at the jail,  
and announced that they had raised  
the money necessary to carry Hoch's  
appeal to the supreme court.

States Attorney Healy consented  
to a delay of the hanging, and said  
he would talk to the governor over  
the telephone.

When informed of what had oc-  
curred, Hoch smiled in a self-satis-  
fied manner, called for a fresh cigar,  
and said, "This only proves my re-  
peated contention that I'll not hang."

Hoch awoke at 7 o'clock this morn-  
ing, ate breakfast and after break-  
fast called for a suit case in which to  
pack his effects. He then began to  
dress for death, the garb consisting  
of a black suit, black tie and white  
shirt.

Hoch was relieved this afternoon  
until August 25. When the governor  
was informed that money had been  
raised to carry the case to the su-  
preme court, he said he would grant  
the reprieve if the statement was  
made in good faith. In the meantime  
several people called at the jail and  
made offers more or less bonafide.  
The governor finally granted the  
reprieve. The culmination of events  
leading up to the second stay of ex-  
ecution of this famous criminal was  
sensational.

## HIGH HONORS

SOCIAL ATTENTIONS SHOWERED  
UPON AMERICANS.

Minister Griscom's At Fresno Affair  
Attended by Scores of Japa-  
nese Nobility.

Tokio July 28.—Minister Griscom  
gave a garden party in honor of Sec-  
retary Taft yesterday afternoon.  
About 1,000 people were present, in-  
cluding Princes Fushimi, Sr., Fush-  
imi, Jr., and Kana, Princesses Nashi-  
mato, Higashi and Fushimi, the El-  
der Statesman, Premier Katsuma,  
members of the cabinet and other  
high officials besides members of the  
American colony. Crowds surround-  
ed the legation and watched the as-  
semblage of the party.

Minister Griscom, with his wife  
and Miss Alice Roosevelt, received  
the party in an embowered conno-  
nade on the lawn. Following the re-  
ception the party was amused by an  
entertainment consisting of fencing,  
conjuring and daylight fireworks.  
Refreshments were served under a  
large marquee.

Secretary Taft, Miss Roosevelt,  
Minister Griscom and the legation  
staff lunched with Prince Fushimi  
and a number of distinguished Japa-  
nese were present.

The bankers and merchants of To-  
kio entertained Secretary Taft and  
Miss Roosevelt at the Maple Club  
last night at a Japanese dinner, dur-  
ing which there was Geisha dancing.  
The club house was handsomely de-  
corated and illuminated and American  
and Japanese flags crossed were dis-  
played throughout the building. Shi-  
ba Park, surrounding the clubhouse,  
was illuminated and the driveways  
were thronged with crowds that  
cheered Miss Roosevelt and Secretary  
Taft as they arrived and departed  
from the club. The streets from the  
center of the capital were illumina-  
ted and there was a brilliant display  
of fireworks in honor of the Ameri-  
cans. The popular demonstrations  
and official and private courtesies  
shown the visitors have been the  
most remarkable ever shown foreign-  
ers.

## 1,000 A CLIP Is the Way They Arrested Revelers In Iowa.

Hartington, Iowa, July 28.—Near-  
ly 1,000 negroes, while holding an  
annual convention, were arrested  
last night for violating the mul-  
tiple liquor law. The park management  
had failed to secure a license. Bonds  
were furnished and the picketers  
were released.

## Mrs. John Austin Dead.

Mrs. John Austin, wife of the pa-  
trol driver, died this afternoon at 2  
o'clock, following an operation for  
cancer. Mrs. Austin had been ill for  
several months, and as a last resort  
the operation was decided on.

The deceased was a Christian wo-  
man of many virtues, and had many  
friends who will be deeply grieved  
to learn of her death.

The deceased was 37 years old, a  
sister of Mrs. Charles Holliday, and  
leaves a husband and four children.  
No funeral arrangements have been  
made.

## Union City Marriages.

Union City, Tenn., July 28.—Ow-  
en McCullough and Miss Bertha Cal-  
lahan, two of Union City's highly re-  
spected young people, were united  
in marriage last night.

Ed Kirkland one of Union City's  
prosperous and popular young busi-  
ness men, and Miss Rosale Turner,  
one of the county's fairest young la-  
dies, were also united in marriage  
yesterday.

With some people the entertain-  
ment of an idea is an intellectual  
feast.

## THIEF CAUGHT RED-HANDED

Will McClelland Broke Into Two  
Houses Early Yesterday.

This Morning He Made a Desperate  
Attempt to Escape From the  
City Jail.

THREE CHARGES AGAINST HIM

William McClelland, a negro boy  
about 15 years old, this morning de-  
veloped into a criminal of the most  
daring type, but is now safely lodg-  
ed behind prison bars with two cases  
of housebreaking pending against  
him, to say nothing of one charge  
of carrying a concealed weapon.

The boy lives at 521 Campbell  
street, and was caught red-handed  
last night. It later developed that  
he had just broken into another  
house a short time before being  
caught and had concealed on him  
a pistol. This morning, to cap the  
climax, the young desperado made  
a bold dash for liberty as he was be-  
ing brought up from the city jail to  
the court room, and with a pistol  
ball slung about his head ran only  
the faster, but the police finally out-  
stripped him and landed the boy  
again.

McClelland last night about 7  
o'clock went to the residence of Mrs.  
Emma Rehkopf at Fifth and Mon-  
roe and entered the servants quar-  
ters in the rear of the house, steal-  
ing a pistol belonging to Annie Mor-  
ton, a servant.

After leaving the Rehkopf resi-  
dence the boy went to the residence  
of Mr. J. S. Baker, formerly the L.  
W. Boswell home, on Fifth street,  
between Madison and Harrison  
streets, and entering the room of  
Hattie Ford a colored servant, be-  
gan to ransack her trunk. The wo-  
man heard a noise in her room and  
going in found the boy standing over  
her trunk examining several gold  
rings.

She grabbed up a stick to strike  
him but the boy was too quick. He  
jumped out of a window and scaling  
the fence tried to make his es-  
cape. It happened, however, that a  
negro man was standing in the al-  
ley and when the boy tumbled over,  
he fell into the arms of the man who  
held him and later delivered him to  
Officers Johnson and Rogers.

A search of his person revealed  
the pistol taken at the Rehkopf resi-  
dence and the rings taken from the  
Ford woman's trunk. He had bro-  
ken out a screen in effecting en-  
trance to the latter's residence.

The boy was taken to the city  
hall where two separate charges of  
housebreaking were lodged, and al-  
so one of carrying a weapon con-  
cealed on his person.

The latter charge was entered on  
the police court docket this morning  
and while City Jailer Tom Ehlts  
was bringing up the prisoners from  
the lockup, the McClelland boy  
made a bold dash for liberty.

He ran out of the city hall by  
way of the Fourth street steps and  
started south on Fourth street. Of-  
ficers Thad Terrell, E. A. Cross and  
Gus Rogers took after him. Officer  
Terrell secured an express wagon  
while Officer Cross went around to  
Fifth and Court to head the negro  
off in case he turned back towards  
Broadway.

Officer Rogers whipped out his  
pistol and shot into the air but this  
only spurred the negro on and soon  
he vanished from sight of the offi-  
cers.

A big crowd collected at the cor-  
ner of Fourth and Kentucky ave-  
nue and soon boys, men and women  
were running in all directions to see  
the chase. Mr. I. D. Wilcox, who was  
coming down Kentucky avenue to-  
wards Fifth street saw the running  
boy and then saw the police come  
tearing around the corner. He real-  
ized something was up and headed  
the boy off.

McClelland then changed his  
course and started towards Broad-  
way on Fifth street. At the John  
Orme residence he turned and tried  
to scale the fence. Officer Cross  
wheeled about the corner at this  
juncture and just as the boy was  
on top of the fence starting to jump  
over, the officer drew back his club  
as if to strike and the fugitive fell  
back onto the pavement and the of-  
ficer nabbed him.

He was taken to the city hall and

locked up, later being removed to  
the jail, and in the future will be  
closely guarded.

Officer Cross, when he started af-  
ter the fleeing form, slipped up on  
the city hall steps and injured his  
right hand slightly.

The warrants for housebreaking  
were not issued until after court this  
morning and the cases will be tried  
together, probably tomorrow.

## FIGHTING HARD

TO CONQUER YELLOW JACK IN  
NEW ORLEANS.

It Is Believed the Disease Will Be  
Stamp Out Before the First  
Frost.

New Orleans, July 28.—The state  
board of health today decided to  
quarantine the state of Louisiana  
against New Orleans. Two suspec-  
tious cases of fever are reported to-  
day. All the steamboats in the river  
are being fumigated to kill mosqui-  
tos.

## Fighting the Fever Hard.

New Orleans, La., July 28.—All  
the forces engaged in the battle  
against the yellow fever scourge join  
in expressing the belief that while  
the situation has been and is seri-  
ous enough, success has already been  
received in the application of the  
methods as a result of the work of  
the Reed commission in Cuba to the  
hope that for the first time in the  
history of the country, the yellow  
fever will be stamped out before  
frost comes.

With the cases reported yesterday  
the aggregate since July 13 runs  
close to two hundred.

Nearly all are Italians. These peo-  
ple are notoriously prone to avoid  
physicians and it was owing to this  
fact that the fever got a foothold  
in the district occupied by the Ital-  
ians before it became known to the  
authorities.

A great cleaning campaign has  
been inaugurated. Every ward is be-  
ing thoroughly organized with pre-  
cinct organizations radiating from  
the major body.

Detention camps, established by  
the marine hospital service in order  
to enable persons to leave the city  
who want to get into sections quar-  
antined against New Orleans, were  
opened yesterday.

Every passenger is examined and  
tickets of through passengers scruti-  
nized to prevent anyone attempting  
to get into the state by surreptitious  
means.

New Orleans, July 28.—The au-  
thorities are very sanguine over the  
fever condition. The cleaning move-  
ment is already doing good and it is  
believed that the plague will be  
stamped out before frost sets in this  
fall.

## Yellow Fever at Panama.

Washington, July 28.—Three  
deaths from yellow fever on the Is-  
thmus of Panama are reported today  
by Governor Magoon, one victim  
is from Pittsburg and the other from  
Kenova, W. Va.

## 60,000 MEN

May Be Thrown Out by Big Glass  
Makers Strike.

Atlantic City, N. J., July 28.—From  
the deadlock between the committees  
of the Window Glass Manufacturing  
association and the Amalgamated  
Window Glass Blowers it looks as  
though a strike would be ordered,  
throwing out 60,000 men and laying  
up the plants of the country. The is-  
sue is on the apprentice system.

## SUCH MODEST DEMANDS.

China Wants \$100,000,000 for  
Damage Done By Armies.

Washington, D. C., July 28.—Chi-  
na will, it is reported, demand an  
indemnity of a hundred million dol-  
lars for the damage done by the  
belligerents in Manchuria, through  
the destruction of crops, burning  
villages and other losses incurred by  
the Chinese during the time the pro-  
vince has been the battlefield of the  
Japanese-Russian forces.

## SWIFT DEATH CAME DURING SLUMBER

Duke Blackwell, a Native of  
Livingston, Died Here.

Had Recently Received a Big Pension  
Remittance and Had Been  
Drinking Heavily of Late.

THE JURY SAID HEART DISEASE.

D. W. Blackwell, aged 62, died sud-  
denly this morning about 4 o'clock  
at his home 1012 South Fifth street.  
He was last seen alive about mid-  
night, and did not appear to be ill.  
He is said to have been a heavy  
drinker, however, and the coroner's  
jury decided that he died from heart  
failure superinduced by excessive  
drinking.

Mr. Blackwell was sleeping with a  
nephew, who about 4 o'clock this  
morning felt his companion roll  
heavily against him. He was aroused  
and when he looked at Mr. Black-  
well, it was just in time to see him  
sneeze three times and expire.

The deceased was a native of Liv-  
ingston county, and had lived with  
relatives for about two years. He  
had no regular employment, but drew  
a pension. He leaves several grown  
children.

Coroner James Crow held an in-  
quest about 9 o'clock this morning,  
and the verdict was as follows:

"We, the jury, after hearing the  
testimony of witnesses find that D. W.  
Blackwell, whose body lies before us,  
came to his death by heart failure,  
caused by excessive drink."

FRED HOYER,  
G. W. JONES,  
FRANK TURNER,  
JOHN OZMENT,  
TOM ENGLERT,  
H. B. ODUM."

It is understood that the deceased  
had not been drinking for several  
years until recently, when he receiv-  
ed about \$2,000 back pay from the  
government on a pension. He was  
father of Will Blackwell, a crippled  
man who formerly lived here, and  
among his other children is a daugh-  
ter here, Mrs. Walter Wise, with  
whom he made his home.

The remains are to be taken to  
Livingston county for burial.

## BISHOP JOYCE

Died at Minneapolis, Minnesota,  
From Paralysis.

Minneapolis, Minn., July 28.—Bish-  
op Isaac W. Joyce, Methodist bishop  
of Minnesota, died at 1:20 o'clock  
this morning (Friday) as a result  
of cerebral hemorrhage and a conse-  
quent attack of paralysis, which he  
sustained while delivering a sermon  
at the Red Rock, Minn., camp meet-  
ing on July 2.

Bishop Joyce came to Minnesota  
six years ago. Previous to that time  
he had been presiding bishop of the  
Methodist Missionary field work in  
Chili and Japan. Before going  
abroad he was a pastor at Chattanooga,  
Tenn., for four years and was at  
Cincinnati, Ohio, six years.

Bishop Joyce was sixty-nine years  
old. He is survived by a wife and  
one son, Col. Frank M. Joyce of this  
city.

## DARING HOLD UP MEN

Shot the Conductor and Took Pos-  
session of a Street Car.

Chicago, July 28.—Four robbers  
boarded a Halstead street car at  
74th street early this morning and  
fatally shot Conductor Harbor. Af-  
ter searching his pockets and rob-  
bing the passengers they fled frantically  
as they ran. Several shots broke  
windows of the car, endangering the  
lives of those within.

## Referendum Vote Aug. 13.

Christiana, Norway, July 28.—It  
is reported that the Norwegian gov-  
ernment will propose to the Storting  
the holding of a referendum on  
the dissolution of the union with  
Sweden. A vote probably will be  
taken August 13.

## Two Drowned at South Haven.

South Haven, Mich., July 28.—  
Fanny Hochfelder, aged 18, of Chi-  
cago, and William Hieald, aged 9,  
were drowned at Cold Springs by the  
capsizing of a row boat.

**Frakes Pitched Fine Game.**  
Princeton, July 28.—The fans of this city are beginning to think that possibly there is something about the Indians to be frightened at and they are not quite so sarcastic now in their remarks about other teams that have lost to them as they were before the Indians made their advent for this series. The fact that the same not-to-be-frightened-at Indians won yesterday's game from the Infants, making it two out of two played, is what has caused the change of mind.

"Bill" Frakes was on the firing line for the visitors and handed the Infants a shut out package all wrapped up and tied with a silver string, allowing them but two hits and never letting a man get a peek at the plate. Witt, who has been released by Vincennes, was in the box for the local bunch and allowed but five hits. They

### Had to Take Bonno Out.

Vincennes, July 28.—The Mad Wallpapers were the busiest people in this neck of the woods yesterday, their work consisting of keeping the Alice Men from making a stack of scores and of piling up a bunch a foot high for themselves. It was a sin and a shame the way they went after the "Count" Bonno, who officiated at the opening of the game for the locals, and also it was a shame the "Count" pitched, being himself responsible for half of the scores made.

In spite of the fact that Blitroff gave seven bases on balls and hit two men he pitched a shut out game, allowing but five scattered hits, and such it would have been had it not been for Harvey's wild throw, which allowed two men to cross the pan.

After the fourth inning Bonno was taken out of the box and Forney, who has caught, played short and the outfield at various times, was sent in the box. He pitched good ball from his advent till the close of the game and but two or three of the hits were secured off him. Five double plays were made in the game.

Lemon caught four innings of the game and put up elegant ball, but it was thought best to take him out, working him only a little each day until he becomes hardened again. Score:

Calro, .....	7	10	3

Batteries—Bonno, Forney and Mateson; Blitroff, Lemon and Harvey.			

Lemon has begun catching for Calro. He was laid off by a broken finger. Tasse will play the outfield Tanfe has been catching.

"Rube" Whitley has been released by Vincennes. He did not make good. Whitley was "tried out" in the New York Americans, but failed to make good.

It is said that Asher, who was signed by Calro after the Henderson team dropped out of the league, has gone to Terra Haute and will be blacklisted.

Witt is now with the Princeton team. Witt's experience in the Kitty league has been remarkable. He first signed with Calro the first year as third baseman, and later pitched. He was traded to Paducah and finished the season with Paducah. He then went with Vincennes after the season opened this year and is now with the Princeton team.

Manager Ray has signed Witt, formerly of Calro and Vincennes. Witt has lost but five games this season and the majority of them to Princeton. . . . Calro has signed a man who goes around through life with the name of Smith and hanging to him. He ought to do something if there's anything in a handle.—Princeton Democrat.

Forrest Morris is a new addition to the team, having been signed by Capt. Ryan on Wednesday. Morris is the utility player of the team and besides being a good fielder he is handy with the bat. . . . Brady, who has been playing on trial, was also signed Wednesday. Brady is putting up an excellent game, getting a home run in Wednesday's game and making long runs after foul flies.—Evansville Journal-News.

Charley Bonnar pitched his first game for Decatur, Ill., against Bloomington Tuesday, and was batted out of the box. Bloomington winning by the score of 10 to 0. Bonnar's work should not be judged from his first game, however. He is sure to make good. . . . Little Henderson, who played second base for Hopkinsville, has been released by the Evansville Central league team on account of weak hitting. . . . Bobby Barlow is playing right field for Princeton. . . . Otto Mullen has returned to Hopkinsville and yesterday again donned his suit of blue and the policeman's billy.—Hopkinsville New Era.

### Evansville Pleased With Long.

"He's all the candy. The red-headed Kentuckian can stay here all ways. Too fast for this league," were the yells the Evansville baseball fans sent up at the close of the game Wednesday afternoon when the great Arthur Long performed before them for the first time.

The First One copped out three hits in four times at the bat and really beat out the fourth one, an infield grounder, but the umpire decided against him. The entire Evansville team secured nine hits in the game and the former Hendersonian pulled down just one-third of them. Besides he did some tall fielding and rubbed Dayton of two hits into left field by his sensational fielding.

Evansville won the game by a score of 3 to 0. In the first inning Long singled and scored on a terrific smash by Donahue which went over the fence. Later in the game Brady, the Hopkinsville player who is a native of Evansville, hit for a home run for the third run.

Long's fielding and hitting set the fans in the German village raving, staying wild. He has certainly made good from the jump and the people in Henderson who picked him as a winner in the faster leagues were not off in their judgment.—Henderson Gleaner.

### Paducah Nationals Won Another.

The Paducah Nationals, the colored baseball team yesterday afternoon defeated the Chattanooga team by a score of 4 to 3. This makes the third defeat at the hands of the Paducah team, the visitors winning but one game out of the four. This afternoon a double-header will be played and tomorrow there will be another game. The Chattanooga team beat the Nationals in Chattanooga three straight, and these games will prove the strongest team.

## ELKS' MEETING

### REPORT MADE ON THE GRAND LODGE BY THE LOCAL REPRESENTATIVE.

Habit David Alexander, of Toledo Ohio, Made a Fine Talk to the Lodge.

Paducah Lodge of Elks held an enthusiastic meeting last night, with a good attendance. Mr. Harry G. Johnston, who recently returned from his trip to the Elks' annual reunion at Buffalo, N. Y., made a report of the meeting, and did it well. Many of the older Elks unanimously pronounced it the best grand lodge report they ever heard here, and Mr. Johnston certainly made a good representative. He detailed everything that could be of interest to local Elks, and was warmly congratulated on the completeness and attractiveness of the report.

Rabbi David Alexander, formerly of Temple Israel, but now of Toledo, Ohio, who is here on a visit, was present and made a splendid talk of some length. Rev. Alexander is an eloquent speaker, and never fails to interest the members of Paducah lodge. His talk last night was one of the most entertaining ever heard in Paducah.

Local Elks are now greatly interested in the prospects for beginning work shortly on their new home on Fifth street. The indications are that the contract will be let and ground broken before August 15th.

We want to clean out some of our odds and ends in ladies' muslin underwear, all of this season's stuff but broken lots, so you will find them in sale Saturday at a clean-up price.

**TO HAVE VISITING STAFF.**  
A "visiting staff" will probably be inaugurated for Riverside hospital when the directors get things running a little more smoothly. This will consist of local doctors who will take turns about visiting the hospital every day and administer to the city patients without charge to the city. The Paducah Medical Society will heartily co-operate in the plan.

**HOLIDAYS FOR RURAL CARRIERS.**  
The rural mail carriers over the country are rejoicing over the orders that have just been issued for four holidays during the year, for the rural carrier holidays have not been known until a day or so before the day. Now a special order has been received that the rural route men should have holidays on January 1, Memorial Day, July 4, and Labor Day, of every year.

## MANY MEET DEATH IN EXPRESS WRECK

Twenty-three Persons Killed in

The Wreckage Caught Fire and Many  
Bodies Were Burned Beyond  
Identification.

THE SCENES WERE HORRIBLE.

Liverpool, July 28. An electric  
express train on the Lancashire &  
Yorkshire railroad bound down from  
Liverpool to Southport crashed last  
evening with an empty passenger  
train at Hall Road Station, causing  
the death of twenty-three persons and  
the injury of many.

The express was smashed, and only  
six of its occupants escaped.

Almost immediately after the  
crash the wreckage burst into flames  
and added to the horror by cremating  
many of the victims. The mangled  
bodies of the dead and the cries of  
the injured vainly beseeching that  
they be excused from the burning  
wreckage formed a terrible scene  
and many women on the platform  
fainted.

The victims included men, women  
and children.

## ASK A RECEIVER FOR EQUITABLE

Policy Holders File an Amended  
Bill in Albany, N. Y.

Claim Funds Have Been Grossly Mis-  
managed—Report of Equitable  
For Six Months Out.

IT SHOWS A GOOD INCREASE.

New York, July 28. In the form  
of an amended complaint to the bill  
filed last April, suit was begun today  
in the United States circuit court to  
throw the entire \$121,000,000, the  
assets of the Equitable Life Assur-  
ance Society into the hands of re-  
ceivers, who shall "take possession  
of all funds, assets and property held  
by the defendant society of every  
character and description and admin-  
ister the same as they may be di-  
rected by the courts."

More than forty policy holders in  
the Equitable, representing a dozen  
different states, are included as com-  
plainants in the present suit.

The amended bill alleges that the  
society has been guilty of misman-  
agement in syndicate transactions  
that "unreasonable and excessive  
salaries have been paid," and that  
"large sums of money, ranging from  
\$20,000 to \$37,000,000 belonging to  
said assurance funds of the society,  
were allowed by it, to remain un-  
invested, on deposit in banks and trust  
companies, without adequate inter-  
ests in many of which banks and  
trust companies the said officers and  
directors of the society or many of  
them were large stockholders for the  
purpose of securing pecuniary bene-  
fits to such officers and directors in-  
dividually, and such undue and unrea-  
sonable cash balances have existed  
since at least the year 1900."

The complaint goes on: "Life as-  
surance funds held by the society,  
have been fraudulently and neglig-  
ently, and are being wasted and mis-  
managed, and lost to the extent of  
many millions of dollars; it is without  
a legally chosen board of directors  
and the real value of the property  
held by it is unknown and specula-  
tive."

The Equitable Society's income  
for the first six months of 1905 was  
\$28,799,138, an increase of \$2,386,-  
810 over the corresponding six  
months last year, according to the  
statement just submitted to the  
board of directors.

The number of policies issued the  
first six months in 1904, was 65,592,  
assuring \$166,129,324.

The first six months in 1905 the  
number was 61,028, assuring \$150,-  
706,99.

The number of policies that termi-  
nated in the first six months of 1904  
was 36,141, assuring \$100,278,199.  
In the first six months in 1905, 12,-  
123, assuring \$419,815,116.

The assurance in force December  
31, 1904, was \$1,495,152,892; on  
June 30, 1905, \$1,526,134,723. An  
increase in assurance in force during  
the last six months of \$31,981,831.

### Another Company Under Fire.

Albany, N. Y., July 28.—Con-  
current judgments against the com-  
pany amounting to \$182,767, exag-  
geration of its surplus by over \$30,  
000 and a fixed policy of delay in set-  
tling claims, are some of the charges  
made against the Mutual Reserve  
Life Insurance company by Chief  
Examiner Isaac Vanderpool in his  
report submitted to State Superin-  
tendent of Insurance Hendricks, and  
made public by him. The examina-  
tion was begun last December and  
covers a period back to 1899. The  
company has quarters in New York  
City, and claims assets of between  
five and six millions.

Examiner Vanderpool says that  
the management of the company  
made no mention of these judgments  
in the item of liabilities reported for  
the year 1904.

THIS is the season of clearance sales---when you make money and we get room for in-  
coming stocks. Right now these sales are timely, coming as they do when you will  
have, at the best calculation, ten more weeks of summer weather; when you are planning  
your summer outings and your supply of summer apparel is running down.

We have put on clearance sales in very near every department and lucky indeed  
is the man who has waited for them. He will find plenty of good selections in every de-  
partment. We are giving ONE-FOURTH OFF on three-piece suits, two-piece suits,  
children's clothing and furnishings of ever kind, hats, low shoes, trousers and shirts. In  
fact the inducements we offer are very great, and we appreciate the liberal response of the  
men of Paducah, and feel that our interests are mutual.

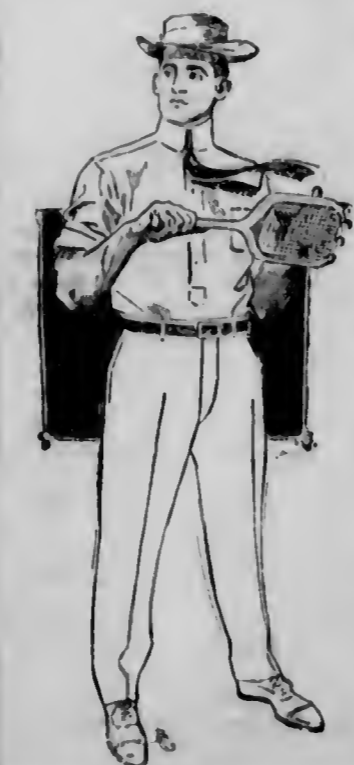

## We Are Making Great Reductions on Every- thing in Our Children's Department Now

Our rapidly growing Children's Department demands that  
we give it more space and it will be turned over to the contractors  
in a few days. Before doing so, however, we must clear out the  
greatest part of the stocks, and to do so are making great reductions  
on all Children's Clothing, Hats, Caps, Underwear, Shoes, Shirts,  
Furnishings, etc. It is a great opportunity to prepare your boys for  
school opening, which is only about six weeks off, and just lots of  
people are doing that very thing. You will save enough on your  
boy's outfit to pay for his new books.

We have reduced the prices on all Summer Hats ONE-  
FOURTH, or 25 per cent. There are any number of attractive  
hats in Panamas and straws left. Get one for next summer.

All Low Shoes have been reduced ONE-FOURTH. In  
fact one-fourth is the magic word that moves things in this store  
now, preparatory to fall arrivals.

## One-Fourth Off on Two-Piece Suits Now as Well as on All 3-Piece Suits

Our Two-Piece Suits have joined our other offerings  
now, and are going at ONE-FOURTH OFF. We have  
some splendid ones in this popular suit---some late ar-  
rivals, in grays and all the popular shades this season.  
There is just lots of wear ahead of you for them, too,  
and the man is indeed wise who takes one at these prices.

Our Three-Piece sale, ONE-FOURTH OFF, is at-  
tracting more attention than usual this season. Any  
number of our patrons are buying them for early fall and  
winter wear, and thus showing their wisdom. While we  
did the biggest business we have ever done this season,  
we still have some rare offerings in these suits, and at  
these prices they are certain not to last long.

## Trousers One-Fourth Off

The trouser stock has joined the  
others---CUT ONE-FOURTH.  
An old suit can be made to look  
like a new one with the addition of  
a pair of new trousers, and some-  
times its great economy to make  
that addition.

This week we have put a cut of  
one-fourth on every pair of trousers  
in the house, and the mere an-  
nouncement will make the remain-  
ing stock melt like autumn dew  
under the sun's rays.

### A Special for the Ladies on Collars

## CLEANLINESS BRINGS GOOD HEALTH.

Louisville, as well as many other cities, finds in the outbreak of yellow fever in New Orleans a whole, some lesson, and a potent argument in favor of a clean city. The Post urges immediate action to clean up. Its suggestions for Louisville would be just as good for Paducah, and with a hope that they may be considered here, the following, is republished from the Post:

"The situation in New Orleans is not such as to cause any alarm. It is to be considered, moreover, as furnishing an opportunity to test the efficacy of the modern treatment of yellow fever, based upon the idea of isolation. The progress of the outbreak will be watched not only in the south, but throughout the world. It will have a scientific interest, and through observation scientific men will contribute much, no doubt, to the sum total of medical knowledge.

"Another benefit will be that every city in the south will realize that the prevalence of yellow fever in New Orleans is an order imperative for the cleaning of every street and alley from the Ohio river to the Gulf.

"Let us trust that this order will be heeded here now. Our commercial bodies ought not to wait until September to visit the mayor and ask that steps be taken for the cleaning of the city. Louisville has been dirtier, no doubt, the streets of Louisville have not, in recent years, been so greatly neglected. Fortunately we have had heavy rains, that have cleaned the gutters and flushed the sewers, but these are mere temporary benefits.

"What we want is a systematic method of cleaning and watering the streets of Louisville. The water company, the street car company and the city authorities should be brought into proper relation and all the resources of Louisville be used at once, putting the health of Louisville above question. There is no danger here from yellow fever, but there is always danger here from typhoid fever, from malarial fever, from diseases of the eye, nose and throat, most of which can be traced to conditions of the streets that should not be tolerated."

## JUDGE NUNN'S TOUR.

Disquieted profoundly by the Frank fort machine over the announcement that Judge Nunn, of the appellate court, is to make a tour of his large,

important and populous district, says the Louisville Herald. No superabundant admiration for the machine has the Hon. T. J. Nunn. It is, besides, rumored that a busy gubernatorial bee is buzzing in his Panama. No gubernatorial bee has, in machine thought, a right to live, move, have being or buzz, save the bee that gives welcome serenade day after day to the Hon. Samuel Wilbur Hager.

Why this tour on the part of Judge Nunn? It does, indeed, look, on the face of it, like a fence-erecting visit. Legislators and county officers are this year to be elected. These will have much to do with the make-up and complexion of the party organization, which will have potent share in awarding the next gubernatorial nomination in Kentucky. The First Appellate district is the stronghold of democracy in Kentucky.

Judge Parker's plurality in the state was 11,893. The First Appellate district gave the following pluralities:

For Parker:—Hallard, 1,032; Carlisle, 940; Calloway, 1,612; Fulton, 999; Graves, 3,320; Hickman, 978; Hopkins, 299; Henderson, 1,148; Livingston, 421; Lyon, 150; McCracken, 419; Marshall, 667; Union, 1,162; Webster, 681. Total 11,158.

For Roosevelt:—Caldwell, 186; Crittenden, 183; Christian, 1,189; Trigg, 115. Total 1,573.

Thus Judge Parker's net plurality in the First Appellate district was 12,185, or 292 more than his entire plurality in the state. The First Appellate district is, then, democracy's stronghold. Its voice must command respect in the next state convention. In a primary it might induce a fatal blow on Judge Hager's ambitions.

We can understand the alarm of the machine. It is the kind felt by the glassware man with a Texas steer ready to examine his goods.

A great deal is being said about the government crop reports and their inaccuracy. The government probably does as well as can be done. No report can be absolutely correct, because if the exact figures for this great country could be estimated based on conditions existing for any given day, week or month, these figures might still be considerably altered by subsequent meteorological conditions, the ravages of insects, etc. But another drawback is the disposition of many growers to underestimate crops for the purpose of bulging the market. The government may be wrong sometimes, but its reports are still the safest to rely on.

It is suspected by the people of the state, from recent disclosures, that some of the revenue agents have been enjoying a nice graft. The only thing that remains to be done is for the state administration to uncover the rascality. If there has been any. Every person or firm that has made a settlement out of court should report it to the auditor, and in this way it can be determined to what extent people have been imposed on.

The names of streets should be conspicuously posted all over the city, but if the money cannot be spared now for all of them, as many of the signs as possible should be put up. Paducah is too much of a city to have it said by the hundreds of strangers who come here that there is no way to get your bearings except by inquiring of someone you meet. The quicker the work is started the better.

## BAD NEGROES

ARE UNDER ARREST AT FULTON, KY.

One Robbed a Dying Man—The Others Had Money and Jewelry.

Fulton, Ky., July 28.—Clarence McMurray, an ex-convict negro, of Fulton and Arthur Body, a negro of Mayfield, are under arrest here. They are the two negroes that held up and robbed a travelling salesman at Bardwell of \$15 and a gold watch last week.

Arthur Body also stole a watch from William Clark, while the negro was dying at Bardwell a few days ago. It is believed that the negroes are members of the gang of desperadoes which has been robbing people and houses throughout Western Kentucky for several weeks.

Special Officers Leander Robertson and W. J. Hanlon, of the I. C., have also arrested two negroes on top of a baggage car that arrived from Memphis. When searched, one of the negroes had \$8 in cash, a fine diamond ring valued at about \$150 and a baggage check for a trunk to Chicago. The case looked suspicious and the officers are holding the negroes until they can communicate with Memphis.

The truth of the matter, when sifted down to the facts, will no doubt reveal that a dastardly crime has been committed and the two misdoers made an effort to escape the Fulton officers by riding out on top of the train. No one will take such desperate chances on the top of a passenger train to get over the road with a pocket full of money and a fine \$150 diamond ring.

The negroes gave their names as Howard Knox and Samuel Franklin.

## Suspects Breach of Hospitality.

Mr. James Woodbridge, who resides near the city on a road running from the Mayfield to the Broadway road, has reported a theft which may shortly get into the courts. Sunday four girls were driving by when the rain storm came up, and they asked permission to come in out of the rain, which was cheerfully granted. Monday a pocketbook containing about \$5 was missed, and it was then learned that one of the girls had gone into the house and been seen unmaking about in a dresser drawer. When one of the children asked her what she was doing she said, "looking for a comb." Mr. Woodbridge does not know where the purse went, but states that he has ascertained the names of the girls, and will probably have one of them questioned by the police if the property is not returned.

## MULES BALKED

And Caused Trouble Which Will Wind Up in the Courts.

Frank Hovekamp and John Garner, two young men of the Tyler neighborhood, were arrested this morning and released on bond for a breach of the peace. The two young men were preparing to drive a wagon into the Palmer house alley. They had two young mules which balked at the water standing in the street. The mules balked into several buckets that had been left in the street by the livery stable people, but did no damage to them. A negro employed in the Terrell stables took exception to the act and began abusing the young men, who got off their wagon and chased the darkey into the stable. It is said that the young men will procure warrants against the livery people for permitting buckets and wagons to stand in and obstruct the street.

Mr. Holland Mason and Mr. Elmore Chapman, of Folsomdale, Ky., are in town.

## SHOOTING AT BOAZ

## FARMER DIDN'T HEED WARNING OF A MERCHANT.

Attention to Merchant's Wife Too Marked and the Farmer Got a Load of Shot.

James Jackson, a farmer residing at Boaz Station, was shot in the right cheek by J. H. Newman, a merchant who runs a general merchandise store at Boaz Station, Wednesday evening at 7 o'clock with a shotgun. The shooting started over domestic trouble. It is said, and Jackson will recover.

Newman claims that Jackson had been coming to his house and showing two marked attentions to his wife. He had asked him to keep away but his appeals did not seem to have been heeded.

Wednesday Newman procured a gun, Jackson came to the store and hot words followed. Jackson tried to grab the gun but Newman pulled the trigger and caught Jackson in the right side of the face.

The shot made a terrible wound, but Jackson will recover unless blood poison sets in.

Newman is still running his store, no attempt being made to prosecute him. He offered to give himself up to the sheriff. It is said, but the sheriff having no warrant or receiving no complaint, let him remain at his home. Both are prominently connected.

## SOUTHERN LEAGUE PERHAPS NEXT YEAR

Already Decided Paducah Will Not Go Into It This Year.

Members of Local Association Doubt If Paducah Could Make Good in the Southern.

#### PATRONAGE HERE TOO SMALL.

A member of the Paducah Baseball Association stated this morning that a letter had been forwarded to him from Mr. John Keller from a Southern league manager, who wants to dispose of his franchise to Paducah. This makes the second letter offering the sale of a Southern league franchise but Paducah will not go into the Southern league this season. It is positively stated by the members of the local association.

When Henderson dropped out of the local management began looking about to get into the Southern league to have a soft place to light in case the Kitty went to the wall, and could have done so within a week. However, the management deemed it best to stick to the Kitty as long as she did not go to pieces, and this year will finish the season in the Kitty.

The local member of the association stated that if the Kitty had broken up Paducah would have experienced in the Southern league the remainder of the season, at any cost. As it is she will remain where she is. No plans are announced for next year and while many fans in Paducah would like to see Paducah in the Southern league, it does not seem probable Paducah will be in the Southern league for a few years, at least, as she could not make expenses. Most of the local fans would rather see Paducah remain in a league this size, than to break into one that is too big for us, and out of which we should get kicked as soon as it became evident to the other club managers that the Paducah patronage was not enough to justify her in being kept in the league.

### THE NORTH SIDE

Is Now Being Visited By Thieves.

Burglars have begun operation on the north side since the police got so vigilant on the south side, and one robbery is reported on Trimble St. Mr. R. E. Bonz, of 1409 Trimble-street, reported to the police that his house was entered last night and some clothing taken. Evidently this is not the same set of thieves who have been working on the south side, however, for those on the south side wanted money and left clothes, watches and other valuables by which they might be identified.

# A KNOTTY QUESTION

**REFEREE E. W. HAGBY TO DECIDE AN UNUSUAL POINT.**

**Controversy Over the Right to Sell Dr. Hessig's Stock Held as Collateral.**

Attorney E. W. Hagby, referee in bankruptcy, has a very difficult point of law to be argued before him tomorrow. It arose from the sale of \$2,400 worth of stock in the Nortonville Coal Co., held by the City National bank as security on a loan to Dr. Herman T. Hessig.

The loan was made and the surety given prior to the net forcing Dr. Hessig into bankruptcy, and the provisions of the agreement called for a sale of the stock if the loan was not repaid. In the meantime Dr. Hessig was forced into bankruptcy, and gave in the stock as part of his assets.

The time on the loan expired and bank sold the stock for the debt, buying it in itself. The trustees, Attorneys Cecil Reed and A. Y. Martin, have filed a motion to set aside the sale and turn the stock over to them as trustees, alleging that the sale was illegal because the act of bankruptcy necessitated the sale being made by the trustees, and that because of the act of bankruptcy, and the stocks as assets, the stock should rightfully have gone into the hands of the trustees when the owner became a bankrupt.

# MANY MISFORTUNES

**ARE DAILY REFLECTED IN POLICE COURT PROCEEDINGS.**

**Judge Sanders Today Had Quite a Docket Before Him For Adjudication.**

There were few defendants in police court this morning, but they all had their hard luck stories to tell. One negro "toted" a pistol, but thought he ought to be exempted from prosecution because he was carrying it down to be repaired. A cab ride taken by two women and a man resulted in a mix up as to who owed the unpaid fare, and a youth who got drunk on whiskey mixed with chili medicine, furnished food for thought for the court.

Charles Shephard, a boy of 18 years, was arraigned for being drunk. He was picked up at the depot in an unconscious state. He lived at Vincennes, Ind., but had been in Mississippi and contracting chills and fever had started home. He took whiskey, on the advice of friends, with his chili medicine and stated he remembered nothing else. His hair would have done justice to a musician and his appearance was very odd. The judge dismissed the case and told the young man to go home to Indiana and let Kentucky chili medicine alone—that it was not good for persons not acquainted with its habits and effects.

Annie Cartwright, white, a woman of the half world, was arraigned for refusing to pay for an hour's ride in a Palmer Transfer Co. cab. The cab was ordered from a place near 8th and husbands streets, and was occupied by a man and two women, the Cartwright woman being one. The male passenger after taking an hour's ride concluded that a fare of \$2 for the three was too steep, and refused to pay. Judge Sanders dismissed the woman and will issue a warrant for the man.

Minna Jones and Addie Smith, started in to have a fight, but got tangled with each others hair, and had a hair pulling contest instead. They confessed and were fined \$3 and costs each.

William Howe, colored, who is said to be a bad man from Illinois, explained to the court that he did "tote" a gun, but was only carrying it down for repairs. The court explained that his ignorance of the law could not excuse him and a fine of \$25 and ten days in jail was assessed against him.

James Earnhardt, white, was fined in two cases. He was fined \$5 and costs for lighting Charles Reed and the warrant against the latter for the same charge dismissed. The fight occurred Wednesday in the Red Fox saloon, and last night when Earnhardt saw Reed again, he tried to start more trouble, but did not succeed, Reed getting out of his way. He did grab a brick and threaten to kill Reed, but was relieved of the "alloy gun" before any damage was done. In the latter charge a fine of \$10 and costs was assessed.

Bennie Blakely, colored, charged with breaking into the Friedman-Keller whiskey house and stealing wines and liquors, was discharged, the warrant being filed away on account of the absence of witnesses.

Miss Kirk Resigned.

Secretary W. H. Pitcher has received from Louisville the resignation of Miss Margaret Kirk as second grade teacher at the Longfellow building. She resigns to accept a place in the Louisville schools. The resignation will be presented at the meeting of the board of education tonight, and her successor probably elected.

New Operator Blamed.

Eugene McAlvoy, a new operator at Gibbs Station, Tenn., about nine miles down the Memphis road from Fulton, took leave last night with \$90 of the railroad company's money. McAlvoy came here from Grand Rapids, Mich., and last night was his first night's work in his new office. All officers along the line have been notified of his escape and to be on the lookout for him. As yet no information as to his whereabouts has been received.—Fulton Leader.
